• HOW TO USE THIS PRAYER KIT •

Today, more than ever, we need hope. And hope comes from God. Praying His words back to Him will fill our minds with truth and turn our hearts to the possibilities of all that He can do, even in the midst of our difficulties.

•THE HOPE KIT•

- You will study six verses that will help you find hope and keep it as an anchor for your soul.
- You will find insights from the original languages for key concept words in each verse so that you will know the depth of what you are praying when you repeat and pray Scriptures back to God.
- You will use these verses and key word insights as a basis for writing your own authentic and powerful prayers.
- You can repeat these verses and prayers anytime you feel the extra need for hope.

•DIRECTIONS AND TIPS•

Simply follow the directions beside the check boxes on each page. These instructions will walk you through a step by step process that will end in powerful prayers written by you! Here are a few tips that will help you have the most benefit from this prayer kit.

- **Download this PDF file and print the pages.** It will be beneficial to have a physical copy these pages in front of you so you can take notes and write on them, rather than just reading a digital file.
- It is best to **keep this document open on your computer or phone** while also having the printed version in front of you. **All the words in green are click-through links** that will take you to places where you can read the passage and study it further.
- Before starting, please **read the Before You Pray Scripture page** for more information.
- The last page of this kit (for Psalm 71:14) is a duplicate copy and provides an example of a prayer written using Scripture and word meanings as the basis of the prayer. This will give you an idea of the kinds of prayers that you can write after completing the Scripture studies in this kit.
- **Keep your Hope Kit in a notebook.** Praying these verses and repeating the prayers we write is very beneficial. It keeps us humble before the Lord, and it keeps us claiming His promises. It fills our minds with truth! Additional kits coming in the future. Keeping them together in one place will create a collection of prayers and verses just for you! If you already have a prayer notebook, be sure to add the Hope Kit to it! If you are looking for a prayer notebook, you can pick up a free one inside the **Prayer Library** at www.journeytoimperfect.com.

• BEFORE YOU PRAY SCRIPTURES •

Praying Scriptures is a strategy that can change and empower your prayer life. When you pray Scriptures, you are praying back the very words of God. Praying Scriptures for your life is an easy thing to do and something that can easily be added to your prayer routine. Doing this can be life changing and will instill truth in your mind. In the Hope Kit, verses have already been chosen for you about the topic of Biblical hope. On each Scripture page, you will find directions to help you study and pray each verse. However, before we begin, there are some important things to remember.

- **Prayer is a two-way conversation.** When we pray, we need to listen as well as speak. Prayer is not about demanding our own way. *It is about agreeing with what God wants.* Prayer is a way to praise God, spend time in His presence, and speak with Him. As we spend time with Him, we need to learn to keep a humble heart so that we will seek His will and learn to agree with what He wants. Sometimes when we pray Scriptures we can end up focusing on our own plans and thoughts about how God should answer our prayers. We must be careful of this and remember that we pray Scriptures to praise God and help instill His truths in our minds. Scriptures can guide us in prayer and help us pray in His will, but we should let go of any expectations about the particular ways God will answer our prayers. Only God knows what is best for us to bring about the things in our lives that will truly help us grow spiritually into the person He created us to be.

- **Read the context.** It is important to understand that Bible verses are not stand alone items. Every verse has a context which means the words and verses around it help you understand its meaning. You should always read the paragraphs surrounding the verse you have chosen to pray in order to get a better understanding of the setting, the situation, and the historical background. It is very important to read the verse in context.

- **Be careful not to take someone else's promise.** Praying Biblical principles and promises is life changing. However, when it comes to Biblical promises, there are certain promises that pertain only to one particular situation, person, or group of people. This means that we can't actually claim that particular promise for our own. Reading the verse in its context will help you understand if the promise was meant for all believers or only one person or situation. Even when a promise was intended for someone else or some other situation, there is always a spiritual significance that applies to us today. Every scripture and every life story in the Bible is pertinent. Through all situations, we can see the faithfulness of God and learn to trust Him fully.

- **When choosing verses to pray, look for verses that contain principles and promises that are for all believers.** It is also good to pray verses that provide principals about how we should live our lives. Repeating these types of verses and praying them over our lives empowers our prayers in a way that only God-inspired Scripture can.

- **When you are struggling with an issue in your life, pray thematically.** It is often beneficial to concentrate on one area at a time when seeking to overcome sin or make progress in moving forward spiritually. Look for verses that offer answers or hope for the life issues or circumstances that are difficult for you. This is what I like to call "thematic praying." There is power in that! When we concentrate on one problem and spend time devoted to intense scriptural prayer over that issue, we open our minds and hearts to the internal changes that only Jesus can bring. They come by the power of the Holy Spirit who empowers the faithful prayers of believers. This can be applied both to yourself as an individual and also to others as you intercede for those you love and care for. This is exciting, friends!
